

PRIDE SIDEWALK INSTALLATION APPROVED

On October 11/23 I motioned consideration of a Pride Cross Walk within the Township of Oro-Medonte.

The intent of this motion was to continue the Townships vision of inclusivity in our communities. Every July, the Township raises the Fierté Pride Flag at the Municipal Office Building. The installation of a Pride crossing walk within the Township creates greater visibility of ongoing support for our LGBTQ+ Community.

Three locations were recommended for the installation: Line 4 and Highland Drive – The Municipal Building Parking Lot or the Guthrie Arena.

I'm very pleased to advise that the cross walk has been approved by Council and that it will be located at Line 4 and Highland Drive. The installation will take place after the new school and recreation centre is completed. The reason for waiting until then is that there will be heavy equipment used during construction which will create excessive wear on the installation.
